- 8.) To schedule a follow-up visit at the Pain Clinic:

Future visits to our Pain Clinic for the *same pain problem* can be authorized by Pain Clinic personnel for up to two years from your first visit. Please call the Pain Clinic for authorization and an appointment. If you have a new/different pain problem, your referring physician must contact the Pain Clinic with a new referral.

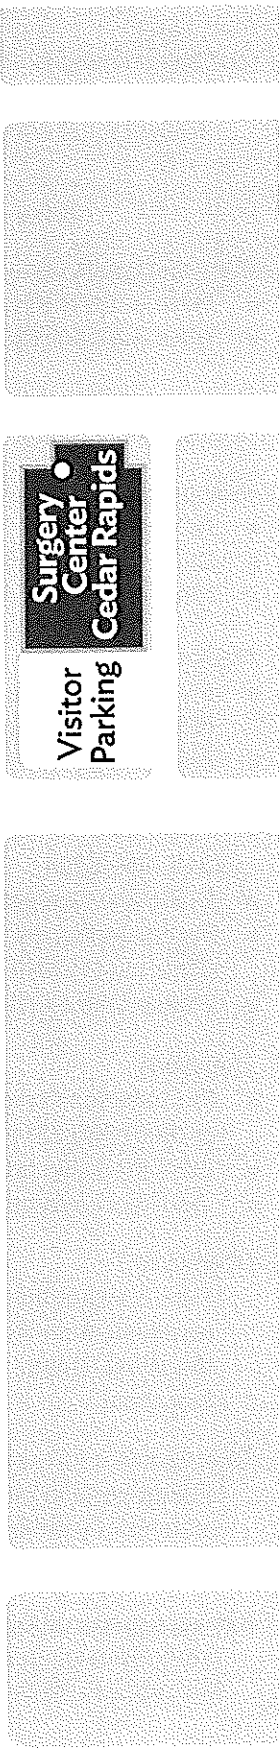

- 9.) The preauthorization department at St. Luke's Hospital will be handling any required preauthorizations for your procedure. This department will be relying on the insurance information you provided to your referring physician. If they have any questions or concerns based upon the current insurance information they received they will be contacting you directly. As with any medical procedure it is ultimately the patient's responsibility to verify insurance coverage and benefits.
